

Defending What Matters Most — People, Data, and Mission.

Core Competencies

- Cybersecurity Risk Management Framework — thorough IT infrastructure audits aligned to NIST, CMMC, and FedRAMP standards for federal and defense agencies
- Threat Detection & Intelligence — real-time threat monitoring with SIEM integration to help safeguard DoD and civilian agency environments
- Incident Response & Recovery — rapid forensics, breach containment, and mitigation to reduce downtime for critical government operations
- Zero Trust Network Access (ZTNA) — deploying secure gateways and endpoint protections replacing legacy VPN for military and civilian networks
- Training & Awareness — tailored cybersecurity education programs for defense contractors and civil servants covering phishing, insider threats, and best practices
- Data Protection & Encryption — encryption at rest and in transit supporting secure cloud migrations for federal applications, reinforced by hardware enforcement

Differentiators

- **Mission-First** — Engineering team with decades of combined federal and defense operational experience
- **ZT Platform** — Zero Trust Data Security Platform powered by NVIDIA BlueField-3 DPU — hardware-enforced, AI-powered
- **NVIDIA Inception** — NVIDIA Inception Program Partner — GPU-accelerated AI security at the silicon layer
- **Compliance** — NIST SP 800-207 / CMMC / FedRAMP aligned frameworks built into every engagement
- **DDIL Ready** — Supports DDIL (Denied, Disrupted, Intermittent, Limited) environments
- **Integrated** — Integrated platform + professional services — one partner for technology and implementation

Company Snapshot

Legal Name

Veridian LLC

Practice Area

Cybersecurity Professional Services

Headquarters

Bristow, VA, USA

Clients Served

Federal Civilian & DoD Agencies

Website

veridian.llc

Contact

hello@veridian.llc

NAICS Codes

541512	Computer Systems Design Services
541519	Other Computer Related Services
541690	Other Scientific & Technical Consulting
541715	R&D in Computer Science
611420	Computer Training

Business Information

CAGE Code

95R01

UEI / SAM

DVENZKF8TKM4

Business Type

Small Business

Entity Type

LLC

Recognition & Credentials

- > NVIDIA Inception Program Partner
- > Patent Pending — ZT Hardware Enforcement
- > NIST SP 800-207 Zero Trust Architecture
- > CMMC & FedRAMP Framework Aligned
